THE
TWENTY-FOURTH
ANNUAL REPORT
OF THE
RECEIPTS AND EXPENDITURES
OF THE
TOWN OF DORCHESTER,
WITH
REPORTS OF THE SELECTMEN, AUDITORS,
AND
Chief Engineer of the Fire Department,
FOR THE
YEAR ENDING JANUARY 31st, 1862.

BOSTON:
JOSEPH G. TORREY, PRINTER, 32 CONGRESS STREET.
1862.

SELECTMEN'S REPORT.

TO THE CITIZENS OF DORCHESTER:

We submit to you the following annual report, with the amount of money received from all sources, and the different purposes for which we have drawn orders upon the Treasurer, during the fiscal year, ending January 31st, 1862.

SCHOOLS.

The system of Public Schools is a blessing which has descended to us from our ancestors, and for which we owe them a debt of gratitude, providing, as it does for each and every child of every rank and condition in life, that degree of education which is necessary to prepare them for the ordinary and practical duties of life, and for taking part in the affairs of the government. Its benefits are so generally appreciated by our citizens, that they are easily reconciled to any reasonable expense in this department.

Care, however, should be taken to prevent waste or extravagance, and to economise in every way where it can be done without detriment to the schools.

A Committee chosen for the purpose by the Town have purchased an eligible lot of land containing 35,970 feet, and bounded on three sides by streets, for the sum of 2,178 $\frac{89}{100}$ dollars, and have caused a noble building with all the modern improvements to be erected thereon for the use of the Adams School.— There has been paid towards its erection 13,902 $\frac{18}{100}$ dollars, and there still remains due about 900 dollars,

which cannot be paid at present in consequence of trustee writs being served upon the town.

A lot of land was purchased containing one acre, situated on Codman street, near Pope's corner, for 762 $\frac{30}{100}$ dollars, and the building formerly occupied by the Adams school was moved on to said land, and repaired at an expense of 2,090 $\frac{91}{100}$ dollars.

The lot of land on which the Adams school house formerly stood, containing one fourth of an acre, was sold for 500 dollars.

POOR IN THE ALMS-HOUSE.

The expenditures in this department deducting the receipts, are 2,072 $\frac{18}{100}$ dollars, and if we deduct the amount of labor done by men and horses upon the highways, and the repairs of bridges, and building fences upon the sides of the highways, the actual cost of supporting this department has been 1,800 $\frac{13}{100}$ dollars.

The present state of our nation, the depression in business, and the difficulty of obtaining the necessary supplies of food and clothing, are matters which do not cause any great inconvenience or trouble to the inmates of this institution, they having been relieved from those anxieties by those who have anticipated their temporal wants and provided for them a comfortable home. Religious meetings have been held at this institution every Sabbath, conducted by persons who have taken a deep interest in the spiritual welfare of its inmates.

POOR OUT OF THE ALMS-HOUSE.

The expenditures in this department, deducting what is received from other towns, and interest from fund, makes the actual cost to the town for the past year, 1,262 $\frac{94}{100}$ dollars.

The persons who have applied for aid during the year, have not been as numerous as might reasonably have been expected considering the number who have no lucrative employment. Many families have a father or brother in the army and have received money from the "Soldiers' Fund," and are now receiving help from the fund raised for the "Aid of the families of Volunteers," who would have been obliged, were it not for this aid, to have applied for assistance from the town.

H I G H W A Y S .

The roads were divided into three districts, and assigned to the several members of the Board as Surveyors, and have been repaired at an expense of 8,083 $\frac{30}{100}$ dollars.

The Street from Hyde Park to West Roxbury, laid out by the County Commissioners 50 feet in width, has been built according to the directions of said Commissioners, so that the travelled path is 25 feet wide, at a cost of 2,503 $\frac{50}{100}$ dollars, including what was paid the previous year.

The street from Port Norfolk to Commercial street was finished so far as the contract for building and fencing was concerned, for 3,500 dollars. We have paid for land damages and gravel 536 $\frac{50}{100}$ dollars, and have received from individuals who agreed to indemnify the town from all expenses for land damages, the sum of 441 dollars.

Adams street has been widened by the County Commissioners by taking land from the estate formerly owned by the late John Fox, and another widening between Field's corner and a point near the junction of Neponset avenue and said street, the County paying the land damages with the exception of five hundred dollars paid by the town.

We have also caused a further widening of Adams street, and also at the corner of Adams and Minot

streets, by taking land of Daniel Harwood, paying him for land and removing his fence, 275 dollars.

River street has been widened and repaired near Kenney's bridge, and near the crossing of the B. & N. Y. C. Railroad the past season, at an expense of 787⁵/₁₀₀ dollars.

LIGHTING STREETS.

Many of the inhabitants have availed themselves of the privilege of putting up lamp posts and lamps at their own expense, under the direction of the Selectmen; the town paying for the lighting. The town is now paying for lighting 63 lamps with gas at the rate of 20 dollars each per year, and for lighting three lamps with Kerosene at 16 dollars per year for each lamp.

GRAVEL LAND.

We have purchased an acre of land on Codman street adjoining the land purchased for the school house lot, for 762³⁰/₁₀₀ dollars.

As most of the gravel at the gravel pit on Adams street suitable for repairing roads was exhausted, we thought it for the interest of the town to purchase it, there being a large quantity of excellent gravel upon the land.

FIRE DEPARTMENT.

Fires and alarms of fire have not been so frequent the past year as in preceding ones. We do not know how to account for the fact except that those persons who were the instruments in causing so much distress and loss of property to the community, have had their attention directed to some useful occupation.

CLAIM FOR DAMAGES.

The case of Isaiah P. White of Quincy, to recover 10,000 dollars damages of the town for injuries sustained by him in 1857, in consequence of alleged defect in the bridge on Commercial street, was tried the third time at the Superior Court last October, the jury, (after a brief absence,) returned a verdict for the town.—At the former trials the sympathies of some of the jury were so strong for the afflicted man as to overpower their better judgment, consequently they could not agree.—We feel relieved that we can report the case settled, as it has been a source of great anxiety to us, and considerable expense to the town.

AID FOR VOLUNTEER SOLDIERS AND THEIR FAMILIES.

As our citizens have taken a deep interest in the support of our national government, it would no doubt be interesting to them to know what has been done by the town for the benefit of our own soldiers and their families. We have no means of ascertaining the large amount of private benefactions in the town, but will make a few statements from the town records, not giving an exact copy of the votes, they being too lengthy for our purpose.

Pursuant to a call posted throughout the town, the citizens met at the town hall, April 20, 1861, to take into consideration the condition of the country, and “to provide everything necessary for the war and for those who enlist.”

THE FOLLOWING RESOLUTIONS WERE ADOPTED.

Resolved—That in this crisis of our national affairs, prompt to the call of duty, uniting as with one heart in our country's cause, we rally in defence of that flag, beneath whose folds a patriot people has always found protection,

and which has ever proved the truest symbol of representative government upon earth.

Resolved—That at this hour when amidst the anarchy of lawless resistance, traitor hands are striving to subvert that *Union* which the fathers formed, we solemnly pledge to the government of the Federal Union an unfaltering devotion, confident that a free people will triumph over secret and open foes; will vindicate the sovereignty of their government, and maintain the honor of their flag.

Resolved—That as we call to mind the proud achievements of the first and second wars of independence, and the memory of those whose valor acquired this sacred inheritance of the noblest renown, obedient to the word of command we will co-operate to the utmost with our Federal, State and Municipal authorities, and with our Military and Naval organizations in the vigorous prosecution of the war, and the maintenance of the liberties of the people.

Resolved—That the drum beat which now calls the soldier to the post of duty, reminds us of our imperious public and private obligations to aid, encourage and protect those who go forth from among us in defence of our rights and liberties; and that a Committee be forthwith chosen to arrange for the organization, equipment and discipline of our citizen soldiers, and to provide the requisite means in aid of the volunteers and their families; to the end that in every vicissitude the men of Dorchester, may prove themselves inflexible in their efforts to uphold the arm of the government, and worthy defenders of its flag.

Resolved—That the Selectmen be requested to take such further action in furtherance of these purposes, either by calling a Town Meeting or otherwise, as the public exigency may demand.

It was then voted—That a subscription paper be at once opened, the funds to be used for the purposes specified in the fourth resolution.

It was also voted—That Ebenezer Eaton, E. H. R. Ruggles, Lewis F. Pierce, Moses G. Cobb, E. P. McElroy and Nathan Carruth, be a Committee on Finance, under whose direction the funds raised shall be expended.

Nathan Carruth was chosen Treasurer of said fund.

Eight thousand one hundred and eighty-eight dol-

lars were subscribed by the citizens, and an instalment of fifty per cent., amounting to four thousand and ninety-four dollars was paid to the Treasurer. The town having subsequently voted additional pay to the volunteers from this town, the Committee concluded a further instalment would not be needed.

At a Town Meeting held on the sixth day of May, 1861, it was voted to pay the volunteers from this town who are married, the sum of twenty dollars per month, and those who are unmarried the sum of fifteen dollars per month, for the term of three months, while engaged in active service, and one dollar per day to each member of the two companies recruited in the town for such past time as they had been actively drilling, and for the two succeeding weeks, if they should drill that time before being accepted, and going into active service.

A committee of one from each school district was appointed to regulate the disbursement of the money, as aforesaid :

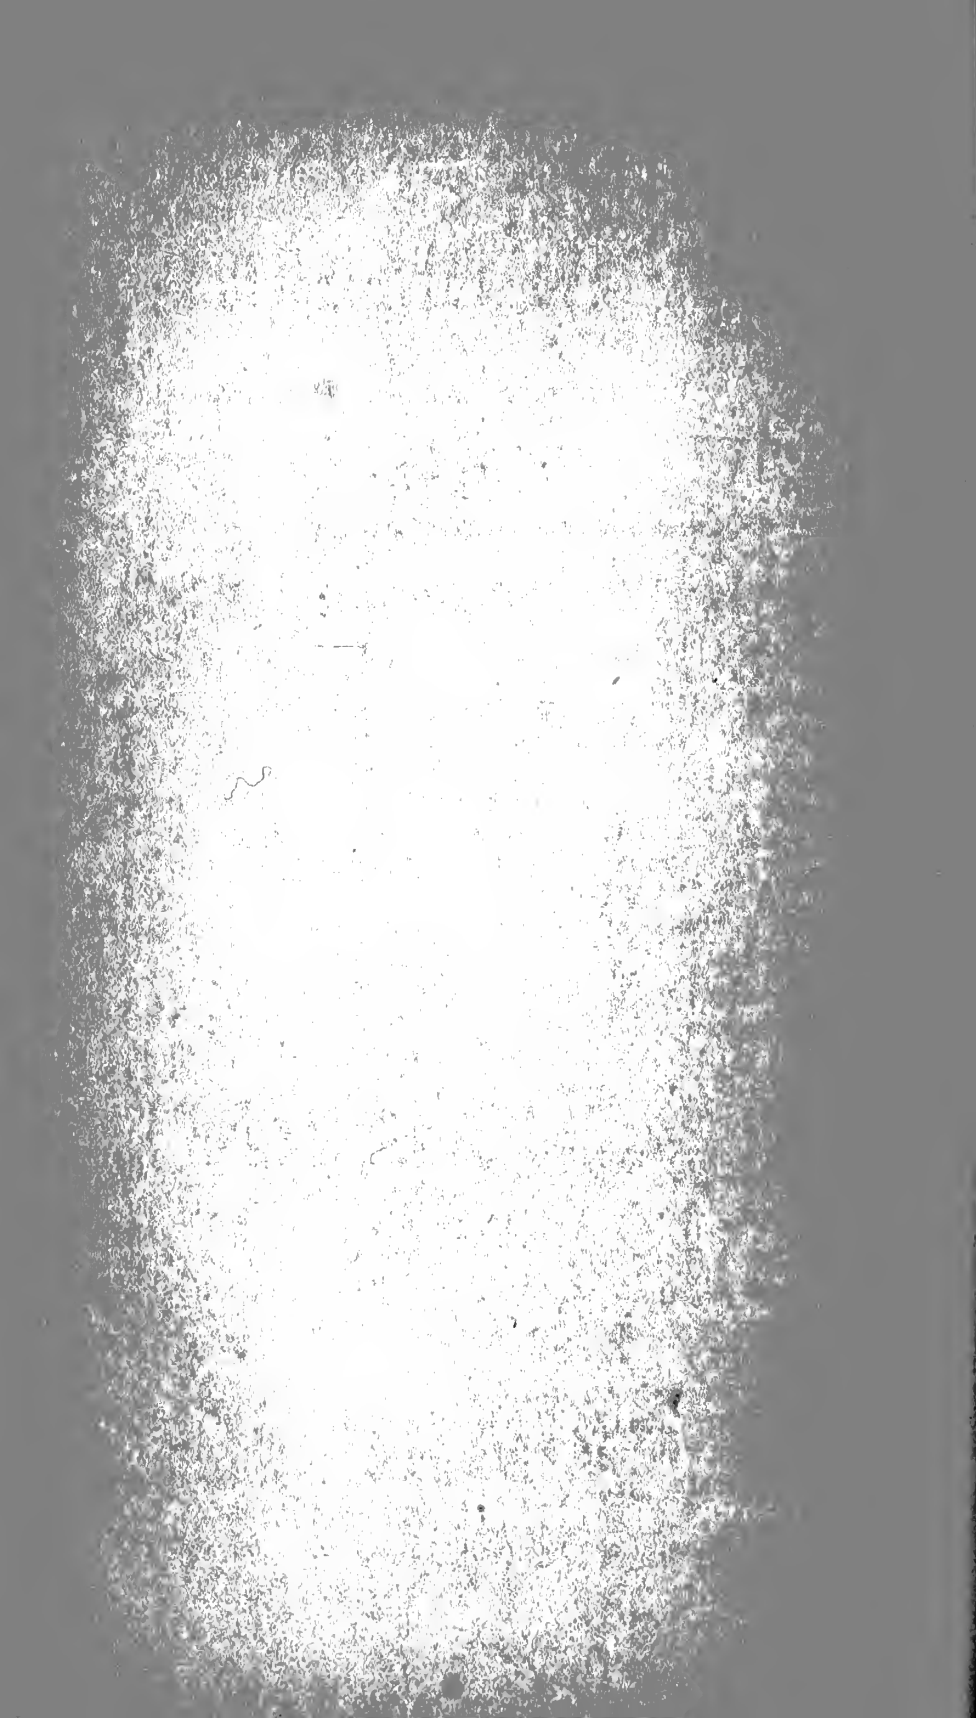

Cyrus Brewer, Oliver Hall, James H. Upham, Marshall P. Wilder, Frank L. Tileston, John A. Haven and Charles Hunt, committee chosen.

The above committee paid 2,438 $\frac{50}{100}$ dollars to the men for drilling, and 6,955 dollars extra pay to the volunteers for three months, the Legislature having legalized such payments.

In accordance with an Act entitled "An Act in aid of the Volunteers and for other purposes," passed May 23, 1861, we are now assisting 102 families, paying them \$18 dollars per month. The money so expended, or a portion of it, is to be reimbursed by the State at some future day.

OLIVER HALL, *Town Treasurer.*

AUDITOR'S REPORT.

The undersigned hereby certify, that we have examined the accounts of OLIVER HALL, Town Treasurer, and find the same correctly cast; and all payments and expenditures charged against the Town, are sustained by the necessary vouchers.

We find that there has been received in the Treasury from all sources, within the past financial year, the sum of one hundred twenty-six thousand, five hundred and nine dollars, and thirty-nine cents, which, with the balance on hand January 31st, 1861, of four thousand six hundred and sixty-seven dollars, and forty-one cents, makes a total receipt for the year ending January 31st, 1862, of one hundred thirty-one thousand one hundred and seventy-six dollars and eighty cents; and there has been paid from the Treasury, during the same period, the sum of one hundred twenty-five thousand eight hundred and eighty-two dollars, and seventeen cents, leaving in the Treasury, January 31st, 1862, the sum of five thousand two hundred and ninety-four dollars, and sixty-three cents, as will appear in the foregoing account.

FIRE DEPARTMENT.

REPORT OF THE CHIEF ENGINEER, TO THE
SELECTMEN OF DORCHESTER.

GENTLEMEN :—I herewith present the Thirteenth Annual Report of the condition of the Fire Department of this Town, with a list of the fires, alarms, loss and insurance, for the year ending with January 31st, 1862; also, the amount of expenditures, under the direction of the Board of Engineers, for the support of the Fire Department.

The Department is organized as follows :—

SYLVESTER H. HEBARD, Chief Engineer.

ALFRED CLAPP, GEORGE L. FISHER, EDMUND C. FRUEAN, HENRY FOBES, ANDREW COLLINS,	}	Assistant Engineers.
--	---	----------------------

Under the charge of the Board of Engineers, belonging to the Town, are six Engines and one Hook and Ladder Carriage, viz :—

FOUNTAIN ENGINE, No. 1, under the care of six persons, of whom Charles F. Hall, is steward.

PROTECTOR, No. 2, in care of six persons, Edmund C. Fruean, steward.

TORRENT, No. 3, in care of Henry Fobes, steward.

ALERT, No. 4, in care of a volunteer company, (six persons of whom are paid) of which company, Benjamin Bowen, is steward.

INDEPENDENCE, No. 5, in the care of a volunteer company, (six persons of whom are paid) of which company, George G. Dennison, is steward.

TIGER, No. 6, in care of six persons, Theodore Hersey, is steward.

MATTAPAN, Hook and Ladder Carriage, in care of two persons, Samuel Bridget, being steward.

The Engine house at Mattapan, occupied by Alert, No. 4, has been painted.

There being no bell in the immediate vicinity, and the bell on the engine house being too small, the engineers upon the petition of inhabitants in the neighborhood, substituted a steel bell at a cost of \$191 75. The old bell is placed upon Protector Engine House.

There have been twenty-four fires and alarms the past year, nineteen of which were in this town.

The amount expended under the direction of the Board of Engineers, for repairs, &c. has been \$967 42.

Total expenditures on account of the Fire Department the past year, \$2,182 10.

A Table of the Fires and Alarms, from February 1, 1861, to February 1, 1862, is annexed.

Respectfully, Yours,

SYLVESTER H. HEBARD, Chief Engineer.
